

Name: _____

Solve.

- 1) Ten marbles were in the basket. More marbles were added to the basket. Now there are nineteen marbles. How many marbles were added to the basket?

- 2) Twenty-nine red marbles and four green marbles are in the basket. How many marbles are in the basket?

- 3) Janet has twenty-four more balls than Amy. Amy has six balls. How many balls does Janet have?

- 4) Some marbles were in the basket. Twenty-three more marbles were added to the basket. Now there are twenty-seven marbles. How many marbles were in the basket before more marbles were added?

- 5) Thirty-nine red apples and two green apples are in the basket. How many apples are in the basket?

- 6) Anika loves to collect stickers. She has twenty-six stickers. Her mom gave her two stickers. How many stickers does she have now?

- 7) Jennifer has thirty-four more peaches than Adam. Adam has five peaches. How many peaches does Jennifer have?

- 8) Thirteen apples were in the basket. Five are red and the rest are green. How many apples are green?

- 9) Twenty-six oranges are in the basket. Four more oranges are put in the basket. How many oranges are in the basket now?

- 10) Thirty-one ball is in the basket. Ten more balls are put in the basket. How many balls are in the basket now?

Solve.

- 11) Twenty-two pears are in the basket. Nine pears are taken out of the basket. How many pears are in the basket now?

- 12) Four balls were in the basket. Some of the balls were removed from the basket. Now there is one ball. How many balls were removed from the basket?

- 13) Audrey has one fewer apple than David. David has twenty-one apple. How many apples does Audrey have?

- 14) Thirty zero apples were in the basket. Some of the apples were removed from the basket. Now there are twenty-seven apples. How many apples were removed from the basket?

- 15) Some plums were in the basket. Eight plums were taken from the basket. Now there are six plums. How many plums were in the basket before some of the plums were taken?

- 16) Thirty zero apples are in the basket. Twenty-three apples are taken out of the basket. How many apples are in the basket now?

- 17) Sixteen pears are in the basket. Three pears are taken out of the basket. How many pears are in the basket now?

- 18) Twenty-six balls are in the basket. Seventeen are red and the rest are green. How many balls are green?

- 19) Fifteen balls are in the basket. Five balls are taken out of the basket. How many balls are in the basket now?

- 20) Twenty-eight pears are in the basket. Six are red and the rest are green. How many pears are green?
- 21) Thirteen apples were in the basket. Some of the apples were removed from the basket. Now there are seven apples. How many apples were removed from the basket?
- 22) Twenty-seven plums are in the basket. Ten plums are taken out of the basket. How many plums are in the basket now?
- 23) Thirty zero apples are in the basket. Twenty-nine are red and the rest are green. How many apples are green?
- 24) Three apples are in the basket. Two are red and the rest are green. How many apples are green?
- 25) Twenty zero balls were in the basket. Some of the balls were removed from the basket. Now there are seven balls. How many balls were removed from the basket?

Find the sum.
